

# LG Net10 Sim card Replacement

Installation of a SIM card is necessary for phone usage.

Written By: Gina

## Step 1 — Sim card

- Remove battery back cover by applying pressure along the groove. The LG logo should be up right. Apply the pressure downwards to remove the cover.

## Step 2

- Remove the battery from the top of the battery.

## Step 3

- Remove the SIM card, by pushing down on the top of the SIM card and sliding it out from under the metal band.

To reassemble your device, follow these instructions in reverse order.
